Computer Aided Implantology Academy

Participation

Beyond free workshops for Members, there are many advantages to being a member of the CAI Academy:

- Members of pages reserved for them on the CAI Academy site (Restricted Area). These pages present numerous scientific articles published by members of the Academy and are regularly updated.
- Members also have access to special offers reserved for them. These deals are offered by the sponsors of the Academy CAI (ANPA, EASY, IBI CLARONAV, NAPTECH, etc ...). Generally one offering is enough to compensate for your subscription.
- Members are in direct contact with the world's elite practitioners working within the framework of guided implantology. You can discuss freely with them.
- The annual conference is the highlight of the activity of CAI Academy, Members have access to conferences and all the practical work for free. Member participation is limited to catering costs for both days (100 €). Rooms are traded for Members at competitive prices.
- The workshop in Sanremo is part of several free training sessions for members of the Academy CAI (Italy, Great Britain, France, Iraq, UAE ...).

Register now as a CAI Academy Member to validate your registration in Sanremo:

<http://caiacademy.org/index/register>

Anna-Maria Sorresso will guide you if needed. <annamariasorresso@adbcongressi.it>

Uli Hauschild will help you locally hauschild@dentaldesign.biz

I am sure that this day's work will impact your professional practice.

Cordially

Philippe Tardieu

President of the Academy CAI
